OPERATING INSTRUCTIONS

1. Ensure that the strap length specified allows a minimum of 3 wraps of strap will remain on the drum at all times. NEVER fully extend the strap when under load.
2. Bushes / bearings should be oiled frequently.
3. Do not use as a load restraining device. Restrain load by other means (eg. Safety chain).
4. Not designed for lifting applications. (See our range of Brake Winches available for lifting)
5. Do not use for the movement of humans.
